Dear Ms. Snoke,

I received a phone call from a homeowner this morning regarding a "flyer" distributed to the homeowners at Village Palos Verdes HOA, purporting to be from our company. I was informed that the flyer contained inflammatory and scurrilous statements. I am disturbed and concerned about this and wanted to inform you that Millennium Building Services, Inc., myself or any agent, employee, associate had anything to do with this "flyer" in any manner whatsoever. We would never be associated with such behavior.

Sincerely,
Noel Leverenz, President
